

Don't Mess with Texas Steak Bob Tallman

“A recipe so simple even Ash Cooper can't mess it up!”

Bob Tallman

First and foremost, start with good quality steak.

Use Bob Tallman's Steak Spices (available at Select Retail Stores and www.bobtallman.com)

(Ash says to use Cowboy Country Seasoning) Available at 800-943-7336.

Cook on Barbeque at LOW Heat

Keep steak moist with Becel Spray Margarine or similar

IF YOU MUST... add a dash of (Cowboy Country Barbeque Sauce) your favorite Barbeque Sauce... but good steak doesn't need it (According to Bob)
